GREAT EXPERIENCES FOR SMALL GUESTS

THE BAGLIONI KIDS CLUB

For us, Italians, family comes first and children are definitely the fulcrum.

We are so proud of being a family seized Resort, and your little ones will be very welcome: there is a Kids Club for children and teenagers from 3 to 12 years old, with a rich program of recreational, sports and educational activities.

OUTDOOR ACTIVITY

A play area on the island immersed in the green of the Resort, where the little ones can have fun together with our entertainers.

There are many outdoor activities designed for them: they can dance like they never danced before practising the Zumba dance and aqua aerobics classes.

They can practice yoga lessons to relax and let the bad vibes flow away, practice gardening and building sand castles!

PLAY, LEARN AND EXPLORE

The little ones will be able to learn about the local history and culture through workshops, games on the beach, fun treasure hunts that will allow them to know and explore the island, always under the careful supervision of a qualified staff. A marine biologist will lead them to discover the marine environment, showing them images of fishes, helping them to remember their names and characteristics. The little ones will also take part in the *Boduberu dance*, the typical Maldivian dance. Also, the kids will be involved in the painting of the coconuts and in the creation of the coconut leaves origami.

CREATIVE WORKSHOPS

These activities will allow your kids to having a good time stimulating their manual ability and artistic sense: the creative workshops of the Kids Club at Baglioni Resort Maldives will offer small guests the opportunity to experiment and live freely their imagination through drawing, painting and many other creative activities. Children will learn to draw the Mandalas, the circles full of geometries and colors that symbolically represent the cosmos. In the “Game of the mad scientist” they will be guided through the most fascinating experiments, they will get the chance to learn how to make ice cream.

CUDDLES AND WELLNESS

We also take care of your children through a SPA proposal, a precious opportunity to relax body and mind, the first moment of contact with their most introspectiveness.

So go ahead to massages and tailor-made treatments for the little ones with the use of natural ingredients, such as fruits, flowers, shells and purifying mud. A special kids menu has also been studied by our chefs, characterized by high quality, tasty and very nutritious dishes.
