The Spirit of Aman

A global pioneer in the creation of peaceful sanctuaries far removed from daily life, Aman has always been revered as a provider of seclusion, privacy and wellbeing. Now in its fourth decade, the role of Aman destinations as sanctuaries, breathing spaces and gateways to transformative experiences outside the constraints of everyday life has become a brand hallmark.

In these spectacular settings, Aman has honed its offerings into the holistic Aman lifestyle with its transformative influence on mind, body and spirit. It is the industry leader in the curation of understated, elegant and architecturally designed environments that transport guests beyond commonplace notions of luxury and into a state of serenity. In creating such environments — 12 of which are situated within or close to Unesco World Heritage Sites – Aman has become renowned for its unparalleled service and effortless attention to

detail, along with a commitment to its guests that is second to none.

With innovation a cornerstone of the brand's philosophy, the unveiling of Aman Tokyo in 2014 heralded the future of further urban destinations including Aman New York. Transporting guests away from the frenetic pace of the city, Aman Tokyo opened to global acclaim and continues to secure industry awards and accolades. Looking ahead, the sensitive development of urban Aman sanctuaries will continue; Aman Miami will become the brand's fourth property in North America and Aman Nai Lert Bangkok the second in Thailand. From the very beginning, Aman's evolution has continued apace – its commitment to the natural world and the wellbeing of every guest and resident unchanged and paramount.

Taking Aman Home

The power of scent is in its ability to transport one back in time, effortlessly enabling the recall of a magical moment's every detail. Aman's five gender-neutral fragrances, created by master perfumer Jacques Chabert, each evoke a distinctive Aman experience - from sun-kissed shorelines to lofty mountain peaks - awakening memories and allowing you to relive Aman moments, locations and experiences that brought you peace and joy in the past.

Vayu is inspired by Amanpuri, while *Ayom* evokes Amanjiwo. *Umr* conjures Aman Venice, *Zuac* the romance of Amanjena and *Alta*, the headiness of Aman New York.

All-natural Aman Skincare products, Spa candles, Sva herbal formulas and micronutrient supplements are also available for purchase, ensuring that any wellness journey that has begun at an Aman can continue at home. Harnessing powerful natural ingredients, Aman Skincare products work holistically to enhance overall wellbeing, penetrating deep into the skin to nourish and rejuvenate. Aiding in the maintenance of optimum health, Aman's Sva range of holistic formulas and supplements includes granules, capsules and tonics created from high-quality natural ingredients.

Both are placed amongst the most spiritually resonant places in the world. Aman’s Indochina itinerary creates a bridge between the two, allowing travellers to explore the sacred sites of both destinations and enjoy privileged encounters with resident monks for blessings and meditation.
